FDP-124	MULTIMEDIA TECHNOLOGY	22.10.2018 to 26.10.2018

OBJECTIVES:

- ➢ To appreciate Multimedia hard ware and software
- ➢ To understand Multimedia system architecture
- ➢ To understand various compression techniques
- ➢ To comprehend various file formats
- ➢ To explore various storage media

PARTICIPANTS:

Teachers of CSE/IT/ECE/ICE disciplines working in Polytechnic Colleges

INPUT:

Multimedia Elements – Applications – Multimedia architecture – Multimedia Databases – Compression and Decompression Techniques – Digital Audio and Video Equipment and Tools – Storage and Retrieval Technologies – Virtual Reality

PROCESS:

- ➢ Lecture
- ➢ Demonstration
- ➢ Practice Sessions

OUTPUT:

Participants will be able to acquire knowledge in various concepts of compression methods, hardware and software used in multimedia.

RESOURCE PERSONS:

- ➢ Shri.A.P. Felix Arokiya Raj
- ➢ Guest Faculty

COORDINATOR	VENUE	LAST DATE FOR RECEIPT OF APPLICATIONS
Dr. P. Malliga	NITTTR, Chennai	15 days prior to the start of the programme
